As every one grows up, every one has one's unique character. In this study the singer Conchita Wurst, 25 years old girl, from Austria has manhood beard. She is bisexual. When she goes to the bathroom, students giggle at her. She manages these tough situations and she wins the Eurovision contest. This study shows how she manages this situation. As she mentioned, if you do not like your work, people do not like it either. Subsequently you destroy yourself. She also mentioned that anything cannot hurt me, if I love you.

Keywords: Personal management, living principle, and psychiatry.
